

THE RICE PLANTER

The Old St. Bartholomew Genealogical Chapter

Volume 10 Number 3 Fall 2002

Dear Members and Friends,

With the anticipation of Fall and the changing of the seasons, we find ourselves in the middle of change! For several years, we have dreamed for a building of our own to house and to organize the genealogy that has been given to our chapter. Our goal is a simple one: to open a research library for the people of Colleton and surrounding counties. We saw our dream become reality and were filled with the excitement of children at Christmas! Plans were made and carried out to move our precious research into our new library. A moving date was set and we worked diligently to clean, mow the grass and move the treasures into their new home. Well somewhere along the way, a movie was announced to begin shooting in Walterboro and our perfect new home was needed. We have had to change plans once again. A very special thank you to Sherry Cawley for allowing us to house our treasures in her storage building until the movie calls it a "wrap". A huge thank you to the Church of Latter Day Saints for allowing us to use their church for our meetings. No one needs to be reminded of how important genealogy is to us and how dedicated we are to reporting, searching and finding those ancestors that have paved the way for us today. It is a very real and personal journey that we take to put the flesh on bones and find the stories that have shaped our family's histories. With this in mind, let us look to the future for the fulfillment of our dream and the realization that it will come to be. I need to let you know that Bethel United Methodist Church Trustees graciously donated 3 large tables for our new library. Judy, Sherry and I have gotten them and added them to our inventory. We are still needing chairs, a strong sturdy desk or table, magazine holders that fit a shelf, filing cabinets, and a copier. I am sure there are other items we will need as this is just a beginning list. Thank you to Judy and Sherry for contributing articles for this newsletter. I welcome your articles and contributions. Thank you, Marsha, for volunteering to send me data you have collected as this will add so much to our newsletter. This edition will not have any obits as I have included the entire genealogy of Reuben Lane R.S. that has been researched by Calvin Lane.

Remember: Change can be good!!

HOLLYWOOD COMES TO WALTERBORO!

If you've ever been curious about how movies are made, now's your chance! Watch the Press and Standard and the Post and Currier for 'cattle calls.' This is what the industry terms the call for set extras.

They are definitely going to film the movie "Radio" in Walterboro this fall. It will star Cuba Gooding, Jr. and Ed Harris. They will be filming at Hampton Street School, create a football game in Dunning Stadium, and some scenes outside the old high school on Hampton Street. They're even going to use some spaces on Washington Street for a bank, a restaurant, etc.

Now, to create the movie, the producers will also need office space. They looked all around town and, believe it or not, chose 109 Hiers Street for their staff headquarters. That's right, our Genealogy Research Center is going to be the head office for the movie company for the next five months. They're even going to turn the storage room into an office! They want to use every bit of space -except the old vault!

We are going to utilize Sherry Cawley's warehouse to store our belongings in one space. It is well contained, has electricity, and is very secure. We will continue to meet at the LDS Church for the time being. We will continue to apply for grant money and look for other items that we'll need for the Center. We can have everything cataloged by the time we get our space back and not feel rushed to accomplish everything all at once.

It will give us time to set some goals for the Center and make some plans on how we want to carry them out.

We need your expertise and input so mark your calendar now for Sunday, September 8, 2002 at 3:00pm at the LDS Church for our next meeting. The Center will be one of the main topics of discussion!

WORKDAY A SUCCESS!

On Saturday, July 27, the chapter held a workday at 109 Hiers Street. We worked inside and out. The parking area got mowed and raked, the windows were cleaned, the floors was vacuumed, the shuttered doors were scrubbed, the library shelves were polished, the bathrooms were cleaned, and our materials and supplies stored downtown in the Lucas building were moved. Members and friends who so generously gave their time to help were Marsha and Larry Ulmer, their grandchildren Kyle and Alex Benefield, Myrtle Linder, Sherry and Richard Cawley, Bob Stets, Doris Lucas, Bob and Barbara Franklin, Judy Ballard, Faye Elkins, Floyd Nettles, John Turbeville and the following members of Boy Scout Troup #686: Asher Varnadoe, Caleb Varnadoe and Jess Franklin.

From Comments seen on a Genealogy Support Group.....

Genealogy Quips

My family coat of arms ties at the back ... is that normal?

My family tree is a few branches short! All help appreciated.

My ancestors must be in a witness protection program!

Shake your family tree and watch the nuts fall!

My hobby is genealogy, I raise dust bunnies as pets.

How can one ancestor cause so much TROUBLE?!

I looked into my family tree and found out I was a sap ...

I'm not stuck, I'm ancestrally challenged.

I'm searching for myself; Have you seen me?

If only people came with pull-down menus and on-line help ...

Isn't genealogy fun? The answer to one problem leads to two more!

It's 2000 ... Do you know where your G-G-Grandparents are?

A family reunion is an effective form of birth control.

A family tree can wither if nobody tends it's roots.

A new cousin a day keeps the boredom away.

After 30 days unclaimed ancestors will be adopted.

Am I the only person up my tree ... sure seems like it.

Any family tree produces some lemons, some nuts, and a few bad apples.

Ever find an ancestor HANGING from the family tree?

FLOOR: The place for storing your priceless genealogy records.

Gene-Allergy: It's a contagious disease but I love it.

Genealogists are time unravelers.

Genealogy is like playing hide and seek: They hide ... I seek!

Genealogy: Tracing yourself back to better people.

"Crazy" is a relative term in my family.

A pack rat is hard to live with but makes a fine ancestor.

I want to find ALL of them! So far I only have a few thousand.

I Should have asked them BEFORE they died!

I think my ancestors had several "Bad heir" days.

I'm always late. My ancestors arrived on the JUNEflower.

Only a Genealogist regards a step backwards, as progress.

Share your knowledge, it is a way to achieve immortality.

Heredity: Everyone believes in it until their children act like fools!

It's an unusual family that hath neither a lady of the evening or a thief.

Many a family tree needs pruning.

Shh! Be very, very quiet ... I'm hunting forebears.

Snobs talk as if they had begotten their own ancestors!

That's strange: half my ancestors are WOMEN!

I'm not sick, I've just got fading genes.

Genealogists live in the past lane.

Cousins marrying cousins: Very tangled roots!

Cousins marrying cousins: A non-branching family tree

Alright! Everybody out of the gene pool!

Always willing to share my ignorance ...

Documentation ... The hardest part of genealogy.

Genealogy: Chasing your own tale!

Genealogy ... will I ever find time to mow the lawn again?

That's the problem with the gene pool: NO Lifeguards

I researched my family tree ... and apparently I don't exist!
