MEETING HIGHLIGHTS

Jun 12 2010

David Hiott welcomed our guests.

David Hiott was Chapter's Guest Speaker.

First Lecture was a review, with power point slides of The Indians of Colleton County and nearby areas, going back to pre-European times and touching on early Southeastern cultures. Disease, wars, unfair trading practices, and Indian Slavery were discussed. Brief reviews were made of the Westo, Yamasee, Kusso, Natchez, and PeeDee tribes. The contacts among the latter three groups was mentioned, with the eventual merging of the Kusso and Natchez. This community is now called the "Edisto" tribe due to location and convention. We were pleased to have several members of the Edisto tribe in attendance, including the Vice-Chief, Andy Spell.

Second Lecture DNA touched on the makeup of DNA into nuclear Chromosomes and also into a more primitive form with mitochondria. The uses of testing of DNA in genealogy were reviewed. Some discussion was given for new testing methods in determining the ethnic makeup of an individual.

After lunch our research center welcomed visitors. Some were from Summerville, Charleston and Florida.

Fifty- five people attended the workshop.

Total 2010 Membership is now 111.
